About Stick to Safety & Quality Marathon

The Stick to Safety Marathon is more than just a race – it's a movement. We bring together individuals, families, organizations, and changemakers to run for a cause that touches every life: safety and quality in everything we do.

From the road you drive on, to the workplace you step into, to the home where your family rests, to the public spaces we all share – safety is not optional, it's essential. This marathon is a pledge to protect, to be aware, and to inspire others to make safety a way of life.

Every stride you take sends a message: we care, we act, we protect. Together, we can build a future where safety is second nature and quality is never compromised.

Our Mission

- Promote a culture of safety in industrial and public environments
- Raise awareness on occupational hazards and preventive measures
- Empower communities to be first responders in emergencies

The Cause- Why Safety

01

India sees thousands of preventable injuries yearly due to lack of safety awareness.

02

This marathon will raise awareness about the importance of everyday safety – at home, work, or on the road

WE UNITE TO RAISE AWARENESS ON SAFETY & QUALITY. LET EVERY STEP YOU TAKE BE A PLEDGE TO FOLLOW SAFETY STANDARDS & INSPIRE CHANGE

Awards & Prizes

Celebrating achievements at every level.

At the Stick to Safety Marathon, we believe every step counts and every achievement, no matter how big or small, deserves recognition.

This event is not just about speed or medals; it's about personal milestones, community spirit, and collective impact. Whether it's a seasoned runner hitting a personal best, a first-time participant crossing the finish line, or a volunteer guiding runners with care—every role, every effort, every contribution is celebrated.

Thank You
